

A List of Ferret Stories & Tales

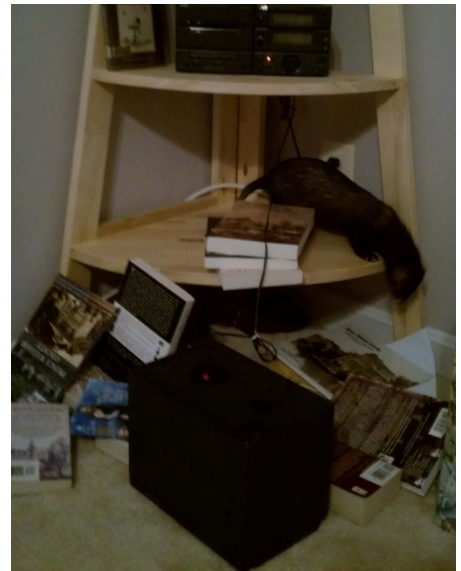

Quick! Grab a ferret and snuggle in to enjoy a good book!

Many authors have begun to include ferrets in their work! We hope American Ferret Association members and their families/children will give these stories a read and even share a review with us for posting on the AFA web site. When reading these works, bear in mind that an author may not be as familiar with ferrets as the reader. When reviewing a book or story, consider whether the facts are accurate and what information about ferrets may be embellished or fiction. Look for bias and also fair treatment of our wonderful furry pets. There is a form to help you submit your reviews.

Here is how to share your review of a book with the AFA:

1. Select a story or book from the list. Parents, please assist your child in choosing an age appropriate title.
<http://www.ferret.org/pdfs/education/books.pdf>
2. Read! Remember to think about how the author has characterized the ferret(s) in the work. Some parents may choose to read the book to a child. Stop and discuss how the author describes the ferret as you go.
3. Complete the form to review the title at this link –
<http://www.ferret.org/pdfs/education/review.pdf>
4. Submit your review for inclusion on the AFA web site – you can do this through Mail, Fax or Email by following the directions on the review form.

HAPPY READING!
